Quick overview of initial screen (I)

The screenshot shows the top navigation bar with tabs: all categories, all tags, Categories (selected), Latest, New (22), Unread (34), Top, Bookmarks, My Posts, and + New Topic. On the left, there are search bars and a list of categories with counts. Red arrows point from the navigation tabs to red boxes below them:

- Categories → Categories that you are "watching"
- Latest → News from all categories
- New (22) → News from your categories
- Unread (34) → Unread messages from your categories
- Top → Posts that you make a comment
- My Posts → Create a new post

An additional arrow points from the 'Create a new post' box to the text: "It will require a category".

Categories not on "watching" are on muted tab

The screenshot shows the "Muted categories" tab. It lists several categories with their respective email addresses:

- Online/Trigger (15 / week)
 - Trigger Performance (Category email: cmstalk+trigger-performance@dovecotmla.cern.ch)
 - L1 Trigger (Category email: cmstalk+l1trigger@dovecotmla.cern.ch)
 - L1 Trigger Software
 - L1 Trigger Upgrades
 - Run Control (Category email: cmstalk+run-control@dovecotmla.cern.ch)
 - Online Monitoring System (Category email: cmstalk+oms@dovecotmla.cern.ch)

The screenshot shows the "Create a new Topic" dialog. It has a text input field for the title, a dropdown for the category, and a field for optional tags. Below these is a rich text editor with various formatting options. At the bottom, there are buttons for "+ Create Topic" and "Close".

Quick overview of initial screen (II)

After "subscribe" in the categories those will appear in your home page

Others will be in the muted tab that is usually hidden, you can open clicking in the "+"

The screenshot displays the CMS initial screen with two sections. The top section shows a list of categories with their respective topics and unread/new counts. The bottom section shows a list of muted categories, which is currently empty.
